

PENSION AUTO ENROLMENT Q&A

Workplace Pension FAQ

WHY HAVE I BEEN AUTOMATICALLY ENROLLED?

All employers now have to enrol all eligible workers into a pension scheme you will be eligible if you earn over £10,000 per year, are aged 22 or over and are under state pension age. This is the law, because the government wants to get more people to have another income in addition to the state pension when they retire.

WHAT IF I DON'T WANT TO JOIN THE SCHEME?

- If you don't want to join the scheme, you need to 'opt out'. You can opt out in the one month period starting on either the date of the letter or the date you were put into the pension scheme, whichever is the latest. You can opt out by completing the form available from our pension provider, NEST www.nestpension.org.uk and following their instructions.
- You will need to sign the form, or if you send it electronically it will need to include confirmation that you are submitting it personally.
- The pension provider will also be able to tell you when the one month opt-out period started if you aren't sure.
- If you opt out during this period any contributions to your pension that you have already made will be refunded and you will not have become a member of the scheme on this occasion.
- If you want to stop making contributions after the end of this one month period you can. The contributions you have made already may be refunded but this will depend on the pension scheme's policy on this and how long you have been contributing.

WHAT IF I OPT OUT BUT WANT TO REJOIN IN THE FUTURE?

- You can ask to rejoin the scheme by contacting NEST in writing by sending a letter which has to be signed by you. Or if you send it electronically, it must contain the phrase, 'I confirm I personally submitted this notice to join a workplace pension scheme.'
- If you earn more than £112 a week (£486 a month) we will pay contributions into the pension scheme as well.
- You can only re-join once in any 12 month period.

IF I OPT OUT, WHAT HAPPENS AFTER THAT?

Anyone who opts out or stops making contributions will be automatically enrolled back into a pension scheme at a later date (usually every three years if they meet certain criteria). This is because your circumstances may have changed and it may be the right time for you to start saving. We will contact you when this happens and you can opt out again if it's still not right for you.

IF WANT TO STAY IN THE SCHEME DO I HAVE TO PAY IN?

Yes! You will pay in 1% of your earnings each pay period. This will be taken directly from your pay and will include tax relief from the government. We will also pay in 1% of your earnings each pay period. Therefore, the total contribution to your pension pot will be 2% of your earnings.

WILL THIS AMOUNT CHANGE?

As your contribution is a percentage of your pay, the amounts will automatically go up or down if your earnings do. Also, we are going to increase the percentage being paid into your pension over the next few years in line with the government's minimum standards. From 1 October 2017 you will pay 3% of your earnings each pay period and we will pay 2%. And then from 1 October 2018, you will pay 5% and we will pay 3%.
